Ahmad Mohsenzadeh PE PhD

Ocee Regional Library

Hillandale Medical Office Building

KSU Convocation Center

Vice President, Engineering - Dr. Mohsenzadeh has over 25 years of experience leading multi-disciplinary teams for large projects. His role as a leader in the Engineering Groups calls on his diverse cross functional expertise in project management, civil, site /road design and business development. Dr. Mohsenzadeh has managed numerous multi-million dollar infrastructure development and improvement projects involving site development, roadway improvement and sanitary sewer rehabilitation. Ahmad oversees development of construction plans for residential, commercial, medical, retail and military facilities.
