### GEORGIA AIR NATIONAL GUARD – DOBBINS ARB TPC C5A FORWARD RAMP DESIGN/BUILD

Project Value: \$58,611.60

EDT is responsible for the design and build of the TPC (C5A) ramp and the installation of a GFM generator. The design/build of the ramp and off load training facility will simulate the field loadmaster conditions. EDT will also install a power converter to facilitate 400 hz equipment operation.

### GEORGIA AIR NATIONAL GUARD – DOBBINS ARB UPGRADE RAMP LIGHTING

Project Value: \$320,436

EDT is responsible for modifications to the security site lighting of paddock areas. This includes replacing wooden poles with 65 and 80 foot tall poles with new lighting and control systems. Work also includes the reworking of existing power and communications systems at 8 locations.

### GEORGIA AIR NATIONAL GUARD – DOBBINS ARB RENOVATE SPTG HQ – BUILDING 922

Project Value: \$1,612,514

Complete interior demolition and reconstruction for new office space, including plumbing, HVAC, electrical and all finishes. Net project square footage is 17,864 SF. EDT will also handle Asbestos remediation and lead abatement, exterior upgrades and repair of damaged masonry.

GEORGIA AIR NATIONAL GUARD – DOBBINS ARB RENOVATE SECURITY FORCES CENTER, BUILDING 701

Project Value: \$303,957

EDT modified an existing building for security upgrades and limiting access to internal areas. EDT constructed a new small arms storage vault and issuing station, and added a generator and new parking area.

GEORGIA AIR NATIONAL GUARD – DOBBINS ARB ALTER COMMAND POST

Project Value: \$68,983

EDT is responsible for upgrading the command center. This includes complete internal renovation of the existing command center and upgrades of all services and security improvements.

GEORGIA AIR NATIONAL GUARD – DOBBINS ARB DESIGN/BUILD MULTIMEDIA CENTER FOR COMMAND POST BUILDING 838

Project Value: \$143,000
