Chief Executive Officer

Mr. Fatemi earned his Bachelor of Science degree in Civil Engineering from the University of Florida and is a registered structural engineer in Georgia, Florida, Alabama, Tennessee, Indiana, Mississippi, Virginia, North Carolina and South Carolina.

Mr. Fatemi's background includes project management and design of structural systems for office buildings, industrial water and wastewater treatment plants, aviation facilities, parking structures, medical facilities, correctional facilities, and educational facilities. He established EDT in 1993 to provide clients with one source capable of supplying comprehensive design and construction services necessary to accomplish and deliver a superior program. As CEO and Chairman of EDT Group, Mr. Fatemi oversees day-to-day operations of the Corporation and is responsible for the overall Mission and Vision of EDT. He also oversees the quality control of all programs. Working directly with EDT's management, he ensures accessibility to project owners.
