Registered Professional Engineer: Georgia, Alabama, Indiana, Tennessee

Affiliations

Technical Committee, Greater Birmingham Metropolitan Planning Organization

Vice President

Mr. Hawkins joined EDT in 2005 and serves as Vice President responsible for marketing, operations, management and overall quality control of the Birmingham office. A 1993 graduate of Auburn University, he is a registered Professional Engineer in Alabama, Georgia, Indiana and Tennessee. Mr. Hawkins' expertise in the engineering field includes working within the roles of program management, transportation engineering, sanitary sewer design, construction management, and environmental engineering services.

Mr. Hawkins has developed and maintains relationships with key clients in the State of Alabama, including City of Birmingham, Jefferson County, City of Hoover, the Housing Authorities of Birmingham, Montgomery, Jefferson County and Alabama Department of Transportation. Key clients in Georgia include Cobb County and the Georgia Department of Transportation.

Active in the community, Mr. Hawkins is a member of the Greater Birmingham Metropolitan Planning Organization's Technical Committee where he assists local leaders in coordinating the Transportation Improvement Program for the six- county Birmingham metro area. Mr. Hawkins also volunteers his time to his local school district, serving as a baseball coach and participating in fundraising activities. His community outreach activities, as well as his responsiveness and dedication to client satisfaction, make him a valuable member of the EDT management team.
