

# Fire Station Building

## Fort Benning, Georgia

---

<b>Client</b>	US Army Corps of Engineers
<b>Scope</b>	Design/Build
<b>Contract Value</b>	\$2.71Million

---

EDT performed design/build services for a 16,000 square foot fire station located on the post of Fort Benning. Services include Mechanical Engineering, Electrical Engineering, Plumbing Engineering, Fire Protection Engineering, Structural Engineering, Civil Engineering and General Construction.

The facility houses a two-company satellite operation inclusive of an 8-truck bay, dormitory, kitchen, storage, and laundry for 8 fire fighters serving 24 hour shifts. The building holds a Bronze SPiRiT rating, which is similar to a LEED-NC Bronze rating.
