Gulf Coast Office

CSAL Classroom Building

Barksdale Air Force Base, Louisiana

EDT Gulf Coast is centrally located in Mobile, Alabama and has extensive experience in Civil Engineering. The office also works with Federal and State Agencies to help secure grants for funding infrastructure projects.

Engineering Design Technologies Our Mobile-area office was established in 2015 as an engineering firm specializing in the areas of Transportation and Civil Engineering. The professional staff of EDT Mobile has extensive experience in the design and construction of roads and bridges, streetscapes, site development for business use, multi-family site development, government buildings, drainage and ADA compliance for sidewalks and roadways.

EDT Gulf Coast staff has had great success working with different Federal and State agencies helping to secure different grants throughout the years, along with working through the grant process for reimbursement throughout the project phase for different municipalities.
