Savannah-Engineering Design Technologies, Inc. (EDT) is a minority owned business enterprise that serves developer, prime contractor and specialty subcontractors in a variety of professional engineering and construction roles. We offer skilled project management, team coordination and multi-discipline design services. EDT-Savannah promotes effective public policy through our professional network. We work to advance legislative initiatives that will strengthen and promote the growth of the industry.

EDT-Savannah's participation in programs, events and conferences connect us to the people and opportunities we need to forward our business objective. Recent projects completed include a municipality engineering project, multi-family residential inspections and EZ-IQC University Renaissance and project management projects.
